Ringmen: Rod McLeod 403.540.7986
Taylor Richards 306.821.4169

Delivery Options

Option A: \$100 off per lot if picked up sale day.
Option B: Free on bulls to central points in Saskatchewan, Alberta and Manitoba.

We insist all purchases be insured while at Erixon Simmentals. All bulls and females become the risk of the buyer once sold. Erixon Simmentals will provide the utmost care of the animals that return to the farm.

Semen Collection

All bulls will be semen tested, palpated and scrotal measured. Information will be available a few days prior to the sale. Erixon Simmentals Inc. reserves the right to draw semen on any bull at our expense and the new owners convenience.

Guarantee

All animals will carry the standard breeding guarantee as specified by the Canadian Simmental Association. If a problem occurs with your purchase, please notify us as soon as possible. A bull of equal value and quality will be supplied or a credit given towards the purchase of another Erixon bull.

Sight Unseen Program

Every year more bulls are purchased sight unseen because of the increasing number of repeat customers and the fact that people are busy. Please call us or our knowledgeable sales staff and we would be happy to discuss the cattle in detail with you.

U.S. Buyers

Erixon Simmentals will do necessary testing at cost for export on bulls and females.

Liability

All persons attend the sale at their own risk. The seller and facility owner assume no liability, legal or otherwise for any accidents that occur

Insurance

Crossfield Agencies
Crossfield Agencies, Camille Scott ..403-369-1791

12:00 pm..... Lunch

1:00 pm..... Erixon Simmentals Inc Bull Sale
After Sale..... Social

Internet Bidding

From Saskatoon: 8 miles south on Hwy 11; turn at Coop Cardlock (Tamke Road); 7 miles east

From the south on Hwy 11: 11 miles north of Dundurn on Hwy 11, turn at Coop Cardlock (Tamke Road); 7 miles east

From Hwy 16: Take the Clavet west access road, go 1 mile south to the "T" intersection, turn east, go 1/4 mile, then follow the speed curve south for 2 miles

Erixon Simmentals can be found on Google Maps under Erixon Simmentals Inc.

Welcome from ERIXON SIMMENTALS

On behalf of Dave, myself, Griffin and Holden, I would like to welcome you, our fellow seed stock producers and commercial cattlemen to the 2025 edition of the Erixon Simmentals Bull Sale. 2025 marks 51 years of the BOBE tattoo. Dave's dad Bob purchased his first half blood in 1974. That half blood cow is the matriarch of our largest cow family today.

Our cow herd and bulls are on a full herd health and nutrition program through the University of Saskatchewan, reproduction specialist Dr. Blair Simonson and Beef Smart Nutrition. At weaning the bulls are put out on a grass field west of the yard. The bulls are developed on free choice hay and pail fed after weaning and then slowly transitioned onto a high roughage TMR ration that promotes growth and longevity. We feel that our bulls are well grown out and not carrying anymore condition than needed. They're sorted into their winter pens by the sale barn mid November.

If you can't make it to the sale we are more than happy to assist you in your purchase. Feel free to call Dave, myself or any of the phone numbers listed for our sales staff. We have the full confidence in our sales staff and this is a free service to you. Your bids will be handled professionally and confidentially. The sale will be broadcast live on dlms. We still highly encourage you to come see the bulls and use the services provided by our trusted sales management. Videos of the bulls will be ready for your viewing sometime in February. All the pictures were taken in house in December.

We look forward to hosting all our past, present and future customers at our heated sale facility on the farm. The bulls will continue to sell by live auction and ran through the sale ring for your appraisal. Join us for lunch prior to the sale and after for socializing, refreshments, snacks and live music. If you have any questions feel free to give us a call or stop by the farm anytime prior to the sale.

Cheers folks!

Welcome from BOHRSON MARKETING SERVICES

The Erixon Simmentals operation is a highly regarded and recognizable program in North America consistently producing real world cattle that thrive in all aspects of the beef industry. Annually, they host one of the most exciting sales we attend each year as the sale barn is full of repeat customers that choose to take advantage of their strict and no nonsense approach to raising sound, functional and highly profitable Simmental cattle. On behalf of Dave, Krista, their boys and all of us at Bohrson Marketing, we are proud to welcome you to their 2025 event.

This year's group of sale bulls are exactly what you have come to expect from the Erixons. Bulls with structural integrity, frame, length and eye appeal. These bulls are developed with longevity in mind and have been bred with the commercial cattleman in mind. Year in and year out, Erixons step out and acquire some of the most sought after herd bulls and exclusive semen packages to utilize in their program. This set of bulls is as deep in quality and consistency as ever before with large sire groups to sort through and find what you are after for your program. The Walk The Line sons are an impressive set anchored by the lot 1 bull who was crowned the Reserve Champion Simmental Bull at Agribition. The No Limits, Strattons, Shamrocks, Calibers, Sliders, Top Tiers and Domino sons amongst other proven sire groups are a deep set of sons that are a diverse offering with lots of performance and calving ease bred into them offering you whatever you are after. The rookie sire groups by the likes of the \$140,000 Eclipse and impressive home raised Boss 125K have well surpassed expectation and are your chance at some new bloodlines. Erixons have always built around productive cows and you can rest assured that your herd bull acquisitions are backed by big volume, high producing cows that are low maintenance and trouble free with all the fundamentals in check.

We highly encourage you to make plans to tour the bull pens with Dave and Krista anytime before the sale and hope you join us February 24th for their exciting bull sale. The combination of quality cattle, people and hospitality goes hand in hand here and makes this a must attend sale. We are proud to work closely with Erixon Simmentals 365 days a year and would be happy to answer any questions you may have on the sale bulls and if need be, represent your bidding and buying needs with our trusted order buying service. Our phones are always on and we look forward to visiting with you about this impressive line up of Simmental genetics.

Best regards, The Bohrson Marketing team

WHEATLAND KILL SWITCH
ERIXON LADY 101A

ERIXON BELLA 117H

Erixon Johnny 10M will always be a special one to us. He is your Canadian Western Agribition Reserve Grand Champion Bull, Senior Bull Calf Champion and Simmental breed champion in the Presidents Classic. It sure was a fun and memorable Agribition for Dave and I. He is the type of bull that we try to produce everytime we mate a cow and bull. Walk The Line and this high producing Kill Switch daughter cranked out a good one. Erixon Bella 117H has an excellent track record with her first 2 bulls selling to progressive cattlemen. The EPD profile on Johnny is real solid and he ranks in the top 1% for both WW and YW. We are excited to utilize semen on him in our program this breeding season.

**ERIXON
222L**

Homo Polled Purebred Bull

13H is a huge ribbed, good haired red baldie momma. A full sib to 222L calved in January and is absolutely gorgeous. The picture of 222L speaks wonders for this bull, he is good haired and well balanced. Everyone will have a double check mark beside his lot number when you mark your catalogue on sale day.

The Darlin' daughters are starting to hit the full swing of production now. We thought very highly of Erixon Darlin' 10J and decided to flush this extremely hairy girl. Here are 3 brothers for your appraisal and man are they rolling right along. 24M is a big nuted powerhouse with some extra frame and structure as he is sired by No Limits. We are planning on utilizing him in our program. The 2 Boss sired bulls 12M and 13M are dark red, very complete and have lots of shape. What a top end trio of bulls this young Darlin' daughter has kicked out.

These Walk The Line sons are darn good and we don't think you can go wrong with adding one to your bull battery.

26

ERIXON 92M

Homo Polled Purebred Bull

Calving Ease! Take advantage of these Simmental calving ease bulls when you can. We do have a real solid group of bulls that are suitable to breed your heifers. The dam of 92M is a maternal sib to Erixon Element 17J who the folks at Ashworth Farms have used successfully on heifers. These bulls spend from weaning until mid Nov out on a 15 acre field west of the yard and are then moved into the pens by the sale barn.

This is the youngest bull in the pen this year, he will have just hit a year of age come sale day.

IRCC Darlin' 613D Sons: Lots 38 -43

Darlin' is continuing to writing her own history book in the Simmental breed! She is now deceased, but her track record is unreal! If you aren't utilizing a Darlin' bull in your herd, you need to. The udder quality of her and her daughters is as good as it gets. The quality of the replacement heifers that you can retain in your herd will be beneficial for generations. We have flushed her multiple ways over the years and she gets it done everytime. There is a wide variety of sires to choose from in this group of 6 bulls.

ERIXON
Eight Ball
19M

Homo Polled Purebred Bull

We absolutely love this bull! He's been at the top of the pack since the beginning. Erixon Eight Ball 19M is a true powerhouse. He's extra long bodied, well muscled, big hooped and pushes the scale down. He also has a pretty cool look to him with that extra neck extension. On the cow family side of things, his dam goes back to one of our original flush cows who helped put us on the map, Erixon Lady 2P. This young Epic cow hit it out of the park on this black baldie stud. He truly is a special one in the pen this season.

Erixon Lady 2P - great granddam

If you want to talk cow families, these bulls are great grandsons out of the widely known HPF MS Honey. We were lucky to purchase 46X out of the Remington dispersal quite a few years back, who produced the 94Z cow. A maternal sister to these flushmates was a lead off bred in Simmsational selling for \$21,000 to Crossroad farms. 2 other maternal sibs have sold at Simmsational to Oberles and CS Livestock. The udder structure on this cow family has been phenomenal. We couldn't write a better history on 94Z if we tried. We are pretty excited about the group of black Walk The Line June born babies that will sell in 2026. These bulls comes to you with a great look, a stellar cow to back them and a pedigree that takes generations to build!

ERIXON 180M

Homo Polled Purebred Bull

Who doesn't love a black baldie! This fella is young, but just take a look at his picture. He has presence, neck extension and muscle shape.

His dam is a big ribbed black cow that has a nice udder sitting under her. Domino is a Structure son that we purchased to add stature, hoof size and presence into his calf crop.

138M is an extremely hairy black bull that comes out of our walking bull Domino. His dam 94H herself is as hairy as a cow can be.
