## Insurance

Tom Agencies LTD | Lucky Lake, SK  
Terra Boon, CAIB  
Office: 306-858-2622  
Cell: 306-856-3010  
Providing Canadian Farm & Stockmens Insurance

## Delivery Options

**Option A:** \$200 off per lot if picked up sale day.  
**Option B:** Free on bulls to central points in Saskatchewan, Alberta and Manitoba.

**We insist all purchases be insured while at Erixon Simmentals.** All bulls and females become the risk of the buyer once sold. Erixon Simmentals will provide the utmost care of the animals that return to the farm.

## Semen Collection

All bulls will be semen tested, palpated and scrotal measured. Information will be available a few days prior to the sale. Erixon Simmentals Inc. reserves the right to draw semen on any bull at our expense and the new owners convenience.

## Guarantee

All animals will carry the standard breeding guarantee as specified by the Canadian Simmental Association. If a problem occurs with your purchase, please notify us as soon as possible. A bull of equal value and quality will be supplied or a credit given towards the purchase of another Erixon bull.

## Sight Unseen Program

Every year more bulls are purchased sight unseen because of the increasing number of repeat customers and the fact that people are busy. Please call us or our knowledgeable sales staff and we would be happy to discuss the cattle in detail with you.

## U.S. Buyers

Upon successful purchase of a bull, we will assist with the necessary documentation, health exams, brokerage and US custom charges necessary to export your animal to the US. An additional fee of \$500 CAN per animal will be charged for this service and is due at time of settlement. Trucking is not included in this amount.

## Liability

All persons attend the sale at their own risk. The seller and facility owner assume no liability, legal or otherwise for any accidents that occur

## Accommodations

Home Inn & Suites Saskatoon South ... 306-657-4663

## Schedule of Events

MONDAY, MARCH 2ND

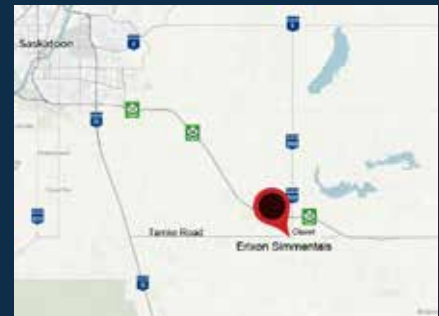

10:00 am .. Cattle available for viewing  
Coffee & treats

12:00 pm... Lunch

1:00 pm.....ERIXON SIMMENTALS INC BULL SALE

After Sale... Social

## Internet Bidding

From Saskatoon: 8 miles south on Hwy 11; turn at Coop Cardlock (Tamke Road); 7 miles east

From the south on Hwy 11: 11 miles north of Dundurn on Hwy 11, turn at Coop Cardlock (Tamke Road); 7 miles east

From Hwy 16: Take the Clavet west access road, go 1 mile south to the "T" intersection, turn east, go 1/4 mile, then follow the speed curve south for 2 miles

Erixon Simmentals can be found on Google Maps under Erixon Simmentals Inc.

# Welcome from ERIXON SIMMENTALS

On behalf of Dave, myself, Griffin and Holden, I would like to welcome you, our fellow seed stock producers and commercial cattlemen to the 2026 edition of the Erixon Simmentals Bull Sale. 2026 marks 52 years of the BOBE tattoo. Dave's dad Bob purchased his first half blood in 1974. That half blood cow is the matriarch of our largest cow family today.

The 2025 fall run was full of enthusiasm, and it's been a heck of a fun ride! We are excited by the direction the industry is headed and are confident that investing in quality genetics is one of the best ways to position your operation for long term success.

Our cow herd and bulls are on a full herd health and nutrition program through the Corman Park Vet Services, reproduction specialist Dr. Blair Simonson and Beef Smart Nutrition. At weaning the bulls are put out on a grass field west of the yard. The bulls are developed on free choice hay and pail fed after weaning and then slowly transitioned onto a high roughage TMR ration that promotes growth and longevity. We feel that our bulls are well grown out and not carrying anymore condition than needed. They're sorted into their winter pens by the sale barn mid November.

If you can't make it to the sale we are more than happy to assist you in your purchase. Feel free to call Dave or I or any of the phone numbers listed for our sales staff. We have full confidence in our sales staff and this is a free service to you. Your bids will be handled professionally and confidentially. The sale will be broadcast live on dlms. We still highly encourage you to come see the bulls and use the services provided by our trusted sales management. Videos of the bulls will be ready for your viewing in early February. All the pictures were taken in house in December.

We look forward to hosting all our past, present and future customers at our heated sale facility on the farm. The bulls will continue to sell by live auction and run through the sale ring for your appraisal. Join us for lunch prior to the sale and after for socializing, refreshments, snacks and live music. Contact us with questions or visit the farm before the sale.

Cheers folks!

# Welcome from BOHRSON MARKETING SERVICES

Welcome to the 2026 Erixon Simmentals' Bull Sale! Dave, Krista and the boys have again raised the bar for quality and consistency for this year's offering and we invite you to join us at the farm near Clavet, SK on March 2, 2026 for this exciting set of Simmental beef bulls.

The red Simmental bulls available for your appraisal this year are arguably the stoutest and deepest set assembled in both type and option. They are highlighted by an absolutely standout flush of Tommy Gunn X Darlin' 613D sons anchored by the reigning 2025 Presidents' Classic All Breeds Jackpot Champion and CN Supreme Top 10 finalist, Erixon .Fortyfour 44N. Walk The Line, Shamrock and Boss sire groups are again well represented and we feel this set of red Simmental bulls needs to be seen in person. The black bulls with many blaze faces to choose from, are a hairy, soft made, powerful group and are an awesome combination of embryo transplant bulls, industry AI sired bulls and exciting walking bulls. Both colours represent the fault free, easy doing, production driven cowherd that has kept Erixon Simmentals in business for over 50 years. They are the type of cows you want your bulls to be out of, with emphasis on foot and udder quality, and you can rest assured when you purchase an Erixon bull, his mother is high quality. The bulls themselves are pounds heavy with sound structures and great hair coats. They are geared toward today's exceptional industry and during these great times you must utilize the best possible walking bulls you can get your hands on, and take advantage of all they have to offer here at Erixons...you'll be getting some of the best. Each and every year we are impressed with the large crowd of familiar faces that purchase their bulls here each sale. This speaks volumes to the quality of the product and how they work, as well as the quality of the great people and operation that produces them.

We hope you can join us on sale day and encourage you to tour the bull pen with Dave and Krista anytime prior. If the calving barn, hockey rink or any other previous commitment keep you away on sale day, please don't hesitate to give any of us a call as we would be pleased to give you our free consultation and would be happy to offer our order buying services to you. We hope to see you on the farm and look forward to visiting with you on this exciting set of Simmental bulls.

Best regards, The Bohrson Marketing team

Lots 1-6. Darlin' just keeps on cranking out the good ones! She is now deceased, but her track record is unreal. The embryo inventory is very slim on the old gal. If you aren't utilizing a Darlin' bull in your herd, you need to. The udder quality of the replacement heifers that you retain in your herd will be beneficial for generations. We have flushed her multiple times over the years and she gets it done every time. We firmly believe she has produced her best set yet with this group of 6 Tommy Gunn sired bulls. Lot 1, Erixon .fortyfour 44N is what we believe to be as good as we have ever produced. The color, hair coat, docility, bone structure and presence are second to none. Adding to his list of stellar characteristics is the fact that he has already frozen semen. We plan on utilizing him heavily in our program. 2025 Canadian Western Agribition will be one that we will never forget. Erixon .fortyfour was the unanimous Presidents Classic Supreme Champion Bull and he is one a small group of bull calves to ever make the Top 10 in the CN Supreme! Erixon Prodigy 24M who is a Darlin' grandson was named the 2025 Reserve Grand Champion Bull at Agribition! Lots 2-6 are the full brothers to lot 1 and are very impressive individuals that sit at the top of the pen. Come see them for yourself!

*"Don't wait for the perfect moment. Take the moment and make it perfect."*

96	924	1548	7.9	3	97.1	142.9	4.9	80.1	31.5

Here is a son of the calving ease specialist Shamrock. There is lots to appreciate and like about 102N, he is a very complete and would work wonders on a young group of cows. Being out of Shamrock there is some built in calving ease, but he is pushing the limits to call a true calving ease heifer bull. He is a heavy weight with a 1548 lb adjusted yearling weight. Not too shabby for being off a first calf heifer! He's out of a stunner of cow who is dark red just like him.

ES  
25

## ERIXON 91N

Homo Polled Purebred Bull

91N has a line up of dark red high producing cows standing behind his pedigree. This cow family stretches all the way back to one of Bob's original cows. The Gabey cow family is our largest cow family and has been extremely productive over the years.

# Erixon Lady 94Z Sons

TRIPLE C SINGLETARY S3H  
**ERIXON LADY 94Z**  
 REMINGTON HONEY 46X

Erixon Lady 94Z had more than proven herself with 9 natural calves on the ground when she entered our flush program. One of her highlights would be her granddaughter, Crossroads Frankie 68F who resided at Canadian Donors and has recently sold in The Mother Load sale. In December we sold another maternal sib in Border City for \$18,500 to Open Shaw Farms. The boys also showed a heifer calf off her this summer. The foot quality and condition she carries for a cow of 13 is amazing. The picture of her was taken this summer. She is due to calve again just after this catalogue goes to print. We have 7 maternal brothers here. 4 June born bulls that have some extra grow and will cover a few more cows and then the 3 yearlings.

Erixon Lady 94Z - dam

## ERIXON 101N

Homo Pld Homo Blk PB Bull

Calving Ease! Slider has been widely used across the country on heifers with great success. Pick up these calving ease black bulls when you can and capture the added weaning weights. 101N has a small skull and is a lower set bull that is easy feeding. His numbers show him as a real curve bender of a bull. Lots of calving ease, but punching in some big weaning and yearling numbers. He posted a 1413 lb yearling weight and is top 15% for CE, 10% for WW and 10% for YW.

**ERIXON 126N**

Homo Polled Hetero Black  
Purebred Bull

The 56K cow is real easy on the eyes and is a favorite around here. We are expecting big things out of her as she ages into production. She had her third bull calf at the beginning of January. We were really hoping that she had a heifer calf brewing inside of her. If you're looking for a nice genetic twist and something new on the black side here you go. It's a neat twist on pedigree as his sire is Tommy Gunn

Here is a homo black option if that's what you're looking for. I could right the same footnotes for this guy as I did for Lot 64 as they're full sibs by blood. Their dams are flush mates and both these guys are sired by No Limits.

These two full brothers are the results of a group of embryos that we purchased from Canadian Donors. There is also a fancy sister in the replacement pen. These homo black boys are big centered stylish individuals that will be heavy weights on sale day.
